Escape
cha cha

We put the steering forward to put you in the comfy driver's seat.

You simply sit facing forward. No need to change sides when you change directions! Sail all day seated. At the most, lean your body towards the wind!

- Forward steering makes sailing instinctive. Point the tiller wherever you wish to go.
- At 55 lbs., one adult or two kids can carry it.
- Fits IN the back of most wagons and SUVs.

Escape

Length ft/m	7.5/2.3
Width ft/m	3.8/1.2
Mast Height ft/m	14/4.3
Sail Size ft/m ²	42/4
Hull Weight lbs/kg	55/25
Self Draining Limit	1
Max Capacity	1 to 2
Forward Rudder	
Transparent Monofilm Sail	

Years spent making the old Sunfish indicated it was too tippy, fragile, complex, and expensive. So we launched the user-friendly sailboat revolution. We re-invented sailing with Escape's unique features:

Stableform[®] Shape Up to 3x (300%) less likely to tip.

AutoSail[®] Self-Teaching Sailing System Just match the colors to the sail.

SimpleRig[®] Sets up like a kite in seconds. No boom to bonk your head. No ropes to tangle you in the seating area. Lightweight for easy set-up. Instinctive & minimal handling controls.

Polyethylene Hull Withstands unimaginable punishment.

Hi-Tech Transparent Sail Safely see traffic.

Drink Holders Sailing should be FUN & REFRESHING.

- Our mission is to empower anyone to sail, and to deliver you an Escape sailboat that will make you love sailing for the sake of sailing!
- Escape gets used 4x more than the typical sailboat!
- 50% of Escape owners never sailed prior to their Escape purchase!
- The world's best selling sailboats!
